

Conditions for use

Vaillant will adequately endeavor to ensure that this website will contain exact and valid information. We however do not assume liability for or guarantee the up-to datedness, correctness and completeness of the information made available or the suitability of this information for a specific purpose.

All information is made available "as it is". Vaillant does not assume the responsibility for technical inexactness and typographic errors or gaps in the contents of this website. The information on this website can be changed or newly designed without previous announcement and without obligation.

Products

The different companies in the Vaillant Group offer you on some pages of this website information about products which cannot be received in certain countries. Brand names which are used for a specific product can deviate from those shown on this site in certain countries.

Some of the products which are shown on the website can be admitted or accepted in certain countries with various limitations for the sales or the use by the state authorities. None of the information on this site is offered with the intention of giving you technical advice or instructions on the correct use of Vaillant products.

Information which Vaillant publishes in the World Wide Web can offer reference or cross-reference to Vaillant products, programs or services which have not yet been announced or cannot yet be received in your country. Such references do not mean that Vaillant has the intention of offering these products, programs or services in your specific country.

Please ask your local Vaillant representative for information on the products, programs and services which you can receive in your country.

Liability

Vaillant GmbH is not liable for damages which result from the use of the website.

By no means is Vaillant GmbH or its subsidiaries liable to third parties for any damages, neither direct, indirect, as a special case, as a result, as a punitive damage or otherwise, for any use of the website or its contents or the missing possibility of using the website or its contents.

This includes without limitation any damage or lost profit, interruption of business activities, loss of a program or other data on your data processing system, or another damage. Also if Vaillant is informed about the possibility of such damage, the liability on the part of Vaillant is excluded.

It is your duty to take suitable caution measures in order to ensure that whatever you do is free from damaging elements like viruses, worms, Trojan horses.

External links

This website can contain hyperlinks to websites which do not belong to Vaillant. We would like to point out that Vaillant neither controls nor can influence the contents of these websites.

Vaillant GmbH and its subsidiaries assume no responsibility for a website which belongs to a third party and to which you find access through the Vaillant website.
