

Support from Vaillant

Support from Vaillant

We know that getting to grips with a new heating system and control can feel overwhelming. That's why, we offer our exclusive 'Heat Pump Set Up' service. Giving you total peace of mind that your new heating system is set up for you and your family's individual needs.

In less than 45 minutes*, you'll gain a complete understanding of your new heat pump and how to optimise your heating control to suit you and your lifestyle. Whether you want to schedule a hot water boost for your morning shower or ensure your living room is cosy warm for you settle in after a long day, we'll help you to get the most from your system.

- ✓ One of our technicians will call you via video call during a pre-booked 45-minute* slot.
- ✓ You'll receive information about your new heat pump and wider system.
- ✓ Our experts will show you how to use your new heating control and myVaillant app** to manage your heating and hot water.
- ✓ You'll receive support to optimise your new heating system based on your individual preferences.
